INVENTORY OF YOUR HORSE'S SOUNDNESS, CAPABILITIES, AND PERSONALITY

The questions that follow are designed to give Hoofbeats some idea of where your horse may fit into our program. We do not expect any horse to be "perfect" in every category. There are many jobs at Hoofbeats in which a horse can specialize. Horses with particular strengths or attributes may be useful to us even if they exhibit some behaviors, or have some health issues that would generally be considered less desirable. So please answer our questions honestly and candidly. If you do not know the answer to a question, tell us that. Use additional pages if necessary to better explain your answers.

1) Overall Soundness and Health:

Hoofbeats horses should be sound enough to carry riders safely and comfortably at the walk, trot, and canter. Please assess for us your horse's health, soundness and general suitability for work in our program. Describe any problematic conditions, such as lameness, sore or "cold" backs, any progressive conditions such as arthritis, EPM, other musculoskeletal problems, history of colic or choking, vision/eye problems, broken wind, heaves, hoof problems and/or need for corrective shoeing: _____

Please indicate rider weight restrictions: _____

2) Ground manners:

Hoofbeats horses must be "safe" in the company of impaired clients, and thus ground manners are extremely important. Please describe your horse's ground manners, covering such areas as mounting and dismounting, grooming, tacking up, standing still, being tied, being led: _____

How does your horse behave during vet checks and farrier care? _____

Will this horse stand quietly when cross-tied? _____

Does this horse enjoy being groomed? _____

In your opinion, is this horse safe for beginners to groom and tack up? Discuss any concerns (e.g. precautions related to bridling or tightening the girth): _____

Has this horse ever nipped or bitten anyone? _____

Please detail any groundwork precautions not already covered above, that we should be aware of with your horse: _____
